& Technology City

德阳概况 Deyang Profile

四川省德阳市是成渝地区双城经济圈重要节点城市，是支撑成都都市圈高质量发展的重要功能板块，正加快建设世界级重大装备制造基地、中国装备科技城、成渝地区双城经济圈制造强市，2024年位列中国百强城市第87位。

Deyang City, Sichuan Province, serving as a pivotal hub in the Chengdu-Chongqing Economic Circle, constitutes a strategic functional zone underpinning the high-quality development of the Chengdu Metropolitan Circle. Currently, it is accelerating the construction of a world-class heavy equipment manufacturing base, the China Equipment Science and Technology City, and an advanced manufacturing hub for the Chengdu-Chongqing Economic Circle. In 2024, Deyang ranked 87th among China's Top 100 Cities.

开放合作 Opening-up and Cooperation

对外开放程度高
High Degree of Opening-up

德阳进入“一带一路”沿线国家和地区发展的优势企业**300余家**，是重大装备供应商，产品遍布全球**175个**国家和地区，**石油钻机、钛白粉出口全国第一**。

Deyang has nurtured **over 300** competitive enterprises operating in Belt and Road countries and regions, positioning itself as an heavy equipment supplier with products reaching **175** countries and territories worldwide. Notably, **it leads China in oil drilling rig exports and titanium dioxide exports**.

开放平台数量多
Great Number of Opening-up Platforms

现有外商投资企业**170余家**，数量居**四川省第3**，其中境外世界500强企业分支机构**20家**。先后与**国外6个城市**和**国内29个城市**结为友好城市。

The city currently hosts over **170** foreign-invested enterprises, **ranking 3rd in Sichuan Province**, including **20** branches of overseas Fortune Global 500 companies. It has established sister-city relationships with **6 international cities** and **29 domestic cities**.

一带一路成果优
The Belt and Road Initiative has achieved remarkable outcomes

获评中国（四川）自由贸易试验区协同改革先行区、中国（德阳）跨境电子商务综合试验区和国家外贸提质增效示范城市，拥有**2个**国家级外贸转型升级基地。

China (Sichuan) Pilot Free Trade Zone Collaborative Reform Pilot Zone, China (Deyang) Cross-border E-commerce Comprehensive Pilot Zone, national foreign trade quality and efficiency demonstration city, with **2** national-level foreign trade transformation and upgrading bases.

科技创新 Scientific and Technological Innovation

创新动力强劲 被授予“**中国装备科技城**”称号，全市研发经费投入强度常年居**四川省前三**，2024年位列**全国城市创新能力百强榜第90位**。

Robust innovation momentum: Deyang has been awarded the “**China Equipment Science and Technology City**” designation, maintaining **top 3** R&D intensity ranking in Sichuan Province for consecutive years. The city secured the **90th** position in the 2024 National Top 100 Innovative Cities ranking.

创新主体汇聚 现有国家高新技术企业近**500户**，国家级专精特新“小巨人”**25户**，省级专精特新企业**220余户**、居**四川省第3**。建成院士专家工作站**92家**，累计引进两院院士及高层次人才**24名**。

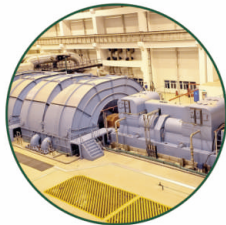

Concentration of innovation entities: The city currently hosts nearly **500** National High-tech Enterprises, including 25 National-level “Little Giant” SSDI enterprises and over **220** Provincial-level SSDI enterprises, **ranking 3rd in Sichuan Province**. It has established **92** Academician and Expert Workstations, having attracted **24** members of the Chinese Academy of Sciences and Chinese Academy of Engineering, along with other high-level talents through cumulative efforts.

创新平台先进 拥有清洁高效透平动力装备全国重点实验室等国家级重大创新平台**38个**、四川省先进极限制造技术创新中心等省级创新平台**250个**，加快建设**德阳大学科技园**。

Advanced innovation platforms: Deyang has established **38** national-level major innovation platforms, including the National Key Laboratory of Clean and Efficient Turbine Power Equipment, alongside **250** provincial-level innovation platforms such as the Sichuan Advanced Extreme Manufacturing Technology Innovation Center. The city is accelerating the development of **Deyang University Sci-tech Park**.

创新成果涌现 研制生产了“**华龙一号**”核电机组、首台国产**F级50兆瓦**重型燃气轮机、全球最大**18兆瓦**海上风力发电机组、全球最先进**145兆瓦**超临界煤气发电汽轮机等“**国之重器**”。

Emerging Innovative Results: Deyang has developed and manufactured “**critical national infrastructure**” including “**Hualong One**” nuclear power unit, the China’s first domestically-developed F-class **50MW** heavy-duty gas turbine, the world’s largest **18MW** offshore wind turbine, and the world’s most advanced **145MW** ultra-supercritical coal gas steam turbine.

成德同城化 Chengdu-Deyang Co-urbanization

成渝地区双城经济圈建设、长江经济带高质量发展、国家战略腹地建设等国家战略加快实施，成都都市圈成为西部人口和经济主要集聚地、国家重要产业备份基地。

成德动车公交化加密提速，**日开行110余列，最快23分钟直达**。成德城际公交与成都地铁无缝对接，7条跨区域公交线路稳定开行，市域铁路S11线加快建设。

National strategies including the construction of the Chengdu-Chongqing Economic Circle, the high-quality development of the Yangtze River Economic Belt, and the construction of a national strategic hinterland have been accelerated to transform the Chengdu Metropolitan Circle into a major population and economic agglomeration in the western region and a backup base for important national industries.

The Chengdu-Deyang Bullet Trains are increasing and speeding up. **More than 110 trains are running per day and directly reach the destination in 23 minutes** at their fastest speed. The Chengdu-Deyang Intercity Bus is seamlessly connected with the Chengdu metro, and 7 cross-regional bus routes are running steadily. The Chengdu-Deyang Intercity Railway Line S11 is under accelerated construction.

航空 Aviation

南有成都双流国际机场、天府国际机场，北有绵阳南郊机场。

The Chengdu Shuangliu International Airport and the Tianfu International Airport are to the south of Deyang, while the Mianyang Nanjiao Airport is to the north.

物流 Logistics

西向融入中欧班列大动脉，最快11天可到达波兰罗兹。南向融入西部陆海新通道，常态化开行中缅印度洋新通道国际班列。

It is integrated into the main artery of the China-Europe Railway Express in the west, thanks to which it only takes 11 days to reach Lodz, Poland at its earliest speed. It is integrated into the New Western Land-sea Corridor in the south, and the International Railway of the China-Myanmar New Indian Ocean Corridor runs on a regular basis.

资源优势 Resource Advantages

矿产能源 Mineral Energy

优质浅层天然气控制储量约**5000亿方**，磷矿石储量**3亿吨**以上，与四川省锂矿储量最多的阿坝州合作共建“飞地”园区，可实现锂资源就近转化。

Now available The controlled reserves of high-quality shallow natural gas are approx. **500 billion m³**, and the reserves of phosphate rocks exceed **300 million tons**. Deyang is cooperating with Aba Prefecture, which has the largest lithium reserves in Sichuan Province, to build an enclave park to realize the transformation of nearby lithium resources.

磷酸铁锂
Lithium Iron Phosphate

Talent Resources 人才资源

获批国家高等职业教育综合改革试验区、全国首个职业教育促进经济社会发展示范区。现有**5所**本科院校和**25所**职业院校，年毕业高素质技术技能型人才**6万人**，航空人才教育培训能力位列全球第一。

四川工程职业技术大学
Sichuan Polytechnic University

Designated as both the National Higher Vocational Education Comprehensive Reform Pilot Zone and China's First Vocational Education-driven Economic and Social Development Demonstration Zone, Deyang currently hosts **5** undergraduate institutions and **25** vocational colleges. The city annually graduates **60,000** high-caliber technical and skilled professionals, while its aviation talent training capacity ranks first globally.

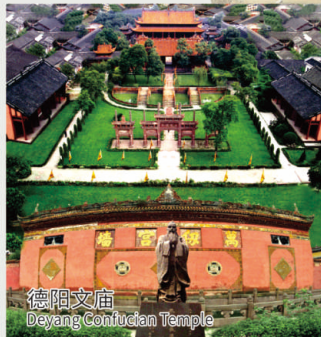

文化旅游 Cultural Tourism

境内**三星堆**古蜀文化遗址被誉为“长江文明之源”。拥有**白马关、金牛古道、庞统祠**等三国文化遗迹，全国规模第三的**德阳文庙**，全国“四大年画”之一的**绵竹年画**。龙门山、龙泉山风景奇秀，集平畴沃野、雪山森林、湖泊山水于一体。

The **Sanxingdui** Site of the Ancient Shu Civilization is hailed as the “Cradle of Yangtze River Civilization”. The region preserves Three Kingdoms cultural heritage sites including **Baimaguan Pass, Jinniu Ancient Road, and Pang Tong Shrine**. It is also home to **Deyang Confucian Temple**, the third-largest Confucian temple in China, and **Mianzhu New Year Paintings**, one of China's “Four Great New Year Paintings”. The Longmen Mountain and Longquan Mountain exhibit spectacular landscapes that converge fertile plains, snow-capped peaks, primeval forests, and alpine lakes into an integrated natural masterpiece.

Deyang Confucian Temple

产业德阳

Industries
In Deyang

德阳拥有**39个大类、176个中类、471个小类**的工业门类，工业总量长期位居**四川省第二**，拥有规模以上工业企业**1600余家**，成德高端能源装备产业集群入选国家先进制造业集群。

Deyang possesses **39 major industrial categories, 176 medium categories, and 471 sub-categories**. Its industrial output value has consistently ranked **2nd in Sichuan Province**, supported by **over 1,600** industrial enterprises above the designated size. Notably, the Chengdu-Deyang High-end Energy Equipment Industrial Cluster has been designated as a national advanced manufacturing cluster.

机械装备 Machinery & Equipment

目标定位:加快建设世界级重大装备制造基地

产业现状:作为全国三大动力设备制造基地之一，全国**60%**的核电产品、**50%**的轧钢设备和大型电站铸锻件、**40%**的水电机组、**30%**以上的火电机组和汽轮机、**20%**的大型船用铸锻件都由德阳制造。

发展方向:高端能源装备、先进冶金装备、航空航天装备等优势产业，机器人、工业母机、新能源汽车和智能网联汽车等高成长产业。

海上风电机组
Offshore Wind Turbines

Target & Orientation: To accelerate the construction of a world-class major equipment manufacturing base.

Industry Status: As one of the three major power equipment manufacturing bases in China, Deyang manufactures **60%** of China's nuclear power products; **50%** of steel rolling equipment and large power station castings and forgings; **40%** of hydropower units; over **30%** of thermal power units and steam turbines; and **20%** of large marine castings and forgings.

Development Directions: Deyang possesses 39 major industrial categories, 176 medium categories, and 471 sub-categories. Its industrial output value has consistently ranked 2nd in Sichuan Province, supported by over 1,500 industrial enterprises above the designated size. Notably, the Chengdu-Deyang High-end Energy Equipment Industrial Cluster has been designated as a national advanced manufacturing cluster.

发电设备产量 位居世界第一

The output of power generation equipment ranks first in the world

15个能源装备产品 市场占有率国内第一

15 energy equipment products with the largest market share in China

材料化工 Material Chemicals

川发龙蟒
SOLemon

工业磷酸产能世界第一

The production capacity of industrial ammonium phosphate topping the world

钛白粉单体产能亚洲第一

The production capacity of titanium dioxide monomer topping Asia

目标定位:打造全国一流材料化工产业示范基地

产业现状:中型压力容器材料、超超临界汽轮机用高中压转子材料、长寿命高温材料等金属材料处于国内先进水平，正面银浆材料成功突破关键核心“卡脖子”技术，拥有世界首套万吨级池窑连续玄武岩纤维知识产权。

发展方向:锂电、钠电等新型能源材料，新型显示、湿电子化学品等电子信息材料，硅片、高纯靶材等高端半导体材料，新型化工材料和绿色建材。

Target & Orientation: To build a national first-class material chemical industry demonstration base

Industry Status: Medium-pressure vessel materials, ultra-supercritical turbine high and intermediate pressure rotor materials, long-life high-temperature materials and other metal materials are at an advanced level in China. In addition, the city has successfully broken through the key core stranglehold technology of front-side silver paste materials, and owns the intellectual property rights of the world's first 10,000-ton continuous basalt fiber pool kiln system.

Development Directions: Lithium-ion batteries, sodium-ion batteries, and other new energy materials; new displays, wet electronic chemicals, and other electronic information materials; silicon wafers, high purity targets, and other high-end semiconductor materials; new chemical materials and green building materials.

食品饮料 Food & Beverage

目标定位：打造中国美酒名城、中国烟草（雪茄）之都

产业现状：拥有剑南春、长城雪茄、蓝剑饮品、中江挂面、唯怡豆奶等知名品牌。白酒年产量超**20万吨**，是川酒文化起源地和四大主产区之一。拥有全国唯一的长城雪茄厂，占有国产雪茄**70%**市场份额。

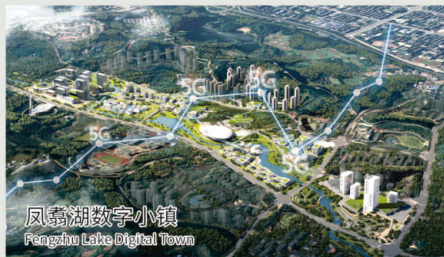

发展方向：白酒、烟草2个优势产业，粮油加工、绿色饮料、火锅配料、预制菜、休闲食品等细分领域。

Target & Orientation: To build China's Famous Baijiu City, and China's Capital of Tobacco (Cigar)
Industry Status: It has famous brands such as Jiannanchun, Great Wall Cigar, Blue Sword Beverage, Zhongjiang Handmade Vermicelli, and VIEE Plant-Based Drinks. The annual output of baijiu exceeds **200,000 tons**, making it the origin of Sichuan baijiu culture and one of the four main producing areas of baijiu. It has China's only Great Wall Cigars factory which occupies **70%** of the market share of domestic cigars.

Development Directions: To develop baijiu and tobacco (two advantageous industries), and segmented fields including grain and oil processing, green beverages, hotpot ingredients, prepared dishes, and snack foods.

电子信息和数字经济 Electronic Information And Digital Economy

目标定位：打造国家数字经济发展试验区（四川）先行区、“5G+工业互联网”融合发展先导区

产业现状：已形成电子元器件、半导体、大数据、人工智能、工业互联网等业态并举的产业格局，产业规模超千亿元。连续4年入选全国**“数字经济百强市”**。

发展方向：半导体、传感器、新型显示、功率继电器等电子信息产业，工业互联网和工业软件、云计算、数据标注、大数据和网络安全等数字经济产业。

Target & Orientation: To build a Pilot Zone for National Digital Economy Development (Sichuan) and a Pilot Zone for Integrated Development of “5G + Industrial Internet”.

Industry Status: The city has established an integrated industrial landscape encompassing electronic components, semiconductors, big data, AI, and industrial Internet, with a total industrial output exceeding CNY 100 billion. This achievement has secured its position among **China's Top 100 Digital Economy Cities** for four consecutive years.

Development Directions: Electronic information industries such as semiconductors, sensors, new displays, power relays; and digital economy industries such as industrial Internet and industrial software, cloud computing, data labeling, big data and cyber security.

现代服务业 / Modern Service Industry

是四川省首批服务业综合改革试点城市，服务业增加值、商品及服务消费人均规模居四川省前列，初步构建起集商贸、金融、文化、职教、科技、商务等服务产业集聚发展的新格局。

发展方向：现代物流、特色金融、科技服务等生产性服务业，现代商贸、特色餐饮、养老、护理、家庭社区等生活性服务业。

Deyang is among the first batch of pilot cities for a comprehensive reform of the service industry in Sichuan province. Its added value of the service industry and the per capita scale of consumption of goods and services have remained at the forefront of Sichuan Province. A new pattern of clustered development for service industries such as commerce, finance, culture, vocational education, science and technology, and commerce has been initially constructed.

Development Directions: To develop modern logistics, featured finance, scientific and technological services and other producer service industries; modern commerce, special catering, elderly care, nursing care, family community and other living service industries.

投资载体

Carriers

承载空间充足，新一轮“三区三线”划定后，新增城镇建设用地规模81.4平方公里。2个省级化工园区成功扩区，扩区后面积18.16平方公里。

The carrying space is sufficient, and after the new round of "three districts and three lines" is demarcated, the scale of urban construction land will be increased by 81.4 square kilometers. Two provincial chemical parks have been successfully expanded, with an area of 18.16 square kilometers after expansion.

德阳经济技术开发区

87km²

Deyang Economic and Technological Development Zone

主导产业：机械装备、电子信息

Leading Industries: Machinery & Equipment, Electronic Information

国家经济技术开发区，国家新型工业化产业示范基地、成德国家高端能源装备集群核心区、国家高端装备制造业标准化试点园区、中国装备科技城核心承载地。代管德阳国际铁路物流港和2个街道，形成“南北一区两园”发展格局，与成都共建国际铁路物流港并创建国家开放口岸，已开行“蓉欧+”、中欧、中亚等国际班列240余列。现有央企、三类500强企业、上市企业70余家，2024年规上工业总产值突破1000亿元，位列国家级经开区第36位。

National Economic and Technological Development Zone, National New Industrialization Demonstration Base, Core Area of Chengdu-Deyang National High-end Energy Equipment Cluster; National Standardization Pilot Park for High-end Equipment Manufacturing, and Core Carrier of China Equipment Science and Technology City. It administers the Deyang International Railway Logistics Port and two sub-districts, forming a development pattern of “South-North Axis, One District with Two Parks”. In collaboration with Chengdu, it co-developed the International Railway Logistics Port and initiated National Open Port construction, having launched over 240 international freight routes including Chengdu-Europe+ Freight Trains, China-Europe Railway Express, and Central Asia Express. It hosts over 70 central state-owned enterprises, three types of Fortune Global 500 companies and listed firms, achieving a total industrial output value above the designated size exceeding CNY 100 billion in 2024 and ranking 36th among national-level economic development zones in China.

德阳高新技术产业开发区

48km²

Deyang High-tech Industrial Development Zone

主导产业：机械装备、电子信息、医药食品

Leading industries: Machinery and equipment, electronic information, Medicine and food

国家高新技术产业开发区，国家新型工业化产业示范基地、国家安全应急产业示范基地、国家科技服务业区域试点单位。现已形成“南北一区两园”发展格局，培育孵化各类市场主体2500余家，着力构建以机械装备、电子信息、医药食品产业为引领的现代化产业体系。正加快建设中国石油天然气装备制造基地、中国一流商用车生产基地、中国西部传感谷、中国火锅食材之都4张产业名片，加快打造以三星湖为核心的公园城市及示范区、成德融合桥头堡。

National High-tech Industrial Development Zone, National New Industrialization Demonstration Base, National Security and Emergency Industry Demonstration Base, and National Science and Technology Service Industry Regional Pilot Unit. It has established a development pattern of “South-North Axis, One District with Two Parks”, cultivating and incubating over 2,500 diverse market entities. The region strives to build a modern industrial system driven by machinery & equipment, medicine & food, and electronic information industries. Currently, it is accelerating the development of four industrial marks: China Petroleum & Natural Gas Equipment Manufacturing Base, China's Premier Commercial Vehicle Production Base, Western China's Sensor Valley, and China Hotpot Ingredients Capital, while creating a park city and a demonstration area with Sanxing Lake at its core, along with a hub for Chengdu-Deyang Integration.

天府旌城

45km²

Tianfu Jingcheng

主导产业：现代服务业、都市工业

Leading Industries: Modern Service Industry, Metropolitan Industry

省级高新技术产业园区，市域铁路S11线、天府大道北延线贯穿全境，形成高端装备制造、电线电缆、新材料、食品医药等特色产业集群，现有国家高新技术企业50余家、国省级“专精特新”企业近20家，着力发展总部经济、商务商贸、科技金融、医疗康养、楼宇工业等现代服务业。

With a Provincial High-tech Industrial Park, it is intersected by the Intercity Railway Line S11 and the North Extension Line of Tianfu Avenue. It has developed specialized industrial clusters in high-end equipment manufacturing, wire & cable, new materials, and food & medicine. Housing 53 National High-tech Enterprises and 17 National/Provincial-level SSDI Enterprises, it focuses on the development of modern service industries such as headquarters economy, commercial trade, science and technology finance, healthcare & recreation, and building industry.

天府数谷

Tianfu Digital Valley

32km²

主导产业:数字经济
Leading Industries: Digital Economy

是四川省首批区域型数字化转型促进中心、四川省人工智能创新发展试验区,德阳市数字经济产业承载地,已落地云上天府、海尔卡奥斯、云知声等数字经济企业近200家。聚力发展信息服务外包、工业软件和工业互联网、人工智能、数据要素等产业,配套发展数字产品制造业,加快建设**国家数字经济创新发展试验区(四川)先行区**。

It is one of the first batch of regional digital transformation promotion centers in Sichuan Province, a pilot area for the innovative development of artificial intelligence in Sichuan Province, and a bearing place for the digital economy industry in Deyang City, which has landed nearly 200 digital economy enterprises, such as Cloud Tianfu, Haier COSMOPlat, and Unisound. It concentrates on the development of information service outsourcing, industrial software and industrial Internet, artificial intelligence, data elements, and other industries, as well as supporting the development of digital product manufacturing, and accelerates the construction of the **National Digital Economy Innovative Development Pilot Zone (Sichuan) Pioneering Area**.

罗江经济开发区

Luojiang Economic Development Zone

14km²

主导产业:先进材料、电子信息
Leading Industries: Advanced Materials, Electronic Information

省级经济开发区,中国连续玄武岩纤维生产基地、四川省军民融合特色产业基地。荣获首批四川省“5+1”重点特色园区(先进材料),入选四川省第二批院士(专家)产业园,成为四川省特色小镇创建对象,现有企业近500家。

Provincial-level Economic Development Zone, China Continuous Basalt Fiber Production Base, and Sichuan Provincial Characteristic Industrial Base of Military and Civilian Integration. It was awarded the first batch of “5+1” key featured parks (advanced materials) in Sichuan Province, selected as the second batch of academican (expert) industrial parks in Sichuan Province, and became the object of creation of characteristic towns in Sichuan Province, with nearly 500 existing enterprises.

什邡经济开发区

Shifang Economic Development Zone

20km²

主导产业:食品饮料、先进材料
Leading Industries: Food & Beverage, Advanced Materials

省级经济开发区,四川省首批特色高新技术产业化基地、国家外贸转型升级基地。着力发展食品饮料(烟草)、先进材料、低空经济产业。现有企业270余家,其中规上工业企业近160家、新兴产业企业60余家、国家高新技术企业40余家,拥有蓝剑饮品、天合光能、欣旺达、明日宇航、天域航通等龙头企业。加快建设**什邡通用机场**。

Provincial-level Economic Development Zone, one of the First Batch of Characteristic High-tech Industrialization Bases in Sichuan Province, and National Foreign Trade Transformation and Upgrading Base. It focuses on the development of food and beverage (tobacco), advanced materials, and low-altitude economy industries. It hosts over 270 enterprises, including nearly 160 industrial enterprises above the designated size, over 60 enterprises in emerging industries, and over 40 national high-tech enterprises, with leading enterprises such as Blue Sword Beverage, Trina Solar, Sunwoda, Mingri Aerospace, and Tianyu Hangtong. The construction of **Shifang General Airport** is being accelerated.

绵竹高新技术产业园区(绵竹新市化工园区)

38km²

Mianzhu High-tech Industrial Park (Mianzhu Xinshi Chemical Park)

主导产业: 材料化工、食品饮料

Leading industries: Materials and chemicals, food and beverage

省级高新技术产业园区, 四川省科技创新工作先进园区、四川省优质白酒产业园区。现有剑南春、川发龙蟒、龙佰钛业等龙头企业。下辖绵竹新市化工园区为**省级化工园区**, 面积13.01平方公里, 现有重点企业20余家。

It is a **provincial-level high-tech industrial park**, an advanced park for scientific and technological innovation in Sichuan Province, and a high-quality baijiu industrial park in Sichuan Province. Currently, there are Jian Nan Chun Chiew, SDLomon, LB Titanium Industry and other leading enterprises. The Mianzhu Xinshi Chemical Park under its jurisdiction is a **provincial-level chemical park**, with an area of 13.01 km² and more than 20 existing key enterprises.

德阳—阿坝生态经济产业园区(绵竹新材料化工园区)

20km²

Deyang-Aba Ecological Economy Industrial Park (Mianzhu New Materials Chemical Park)

主导产业: 材料化工

Leading Industries: Material Chemicals

省级开发区, 德阳市、阿坝州共建共管重点园区, 下辖绵竹新材料化工园区, 规划面积5.15平方公里, 是全国唯一同时拥有磷矿、锂矿资源优势、产业优势的**省级化工园区**, 被授予“中国锂都”称号。现有川发龙蟒、致远锂业、思特瑞锂业等龙头企业。

The Park is a **provincial-level development zone** and a key park jointly built and administered by Deyang City and Aba Prefecture. The Mianzhu New Materials Chemical Park, with a planning area of 5.15 km², is China's only **provincial chemical park** with advantages in both phosphate and lithium ore resources and industries, and has been awarded the title of “China's Lithium Capital”. There leading backbone enterprises, such as SDLomon, Zhiyuan Lithium, Siterui Lithium, etc.

凯州新城

18km²

Kaizhou New City

主导产业: 机械装备

Leading Industries: Machinery & Equipment

成德眉资同城化综合试验区, 成德临港经济产业带的重要组成部分, 坚持“以城促产、产城融合”, 积极承接粤港澳大湾区、长三角等沿海地区产业转移, 着力构建以机械装备产业为主的现代产业体系。现有企业270余家, 其中规上企业70余家, 国家高新技术企业20余家, 科技中小型企业近70家。

As a strategic component of the Chengdu-Deyang Lingang Economic & Industrial Belt, the **Chengdu-Deyang-Meishan-Ziyang Integrated Development Pilot Zone** implements the “City-Driven Industry & Industry-City Integration” model. It actively attracts industrial transfers from coastal powerhouses like the Guangdong-Hong Kong-Macao Greater Bay Area and the Yangtze River Delta, prioritizing the development of a modern industrial system with machinery & equipment industry as the main focus. It hosts over 270 enterprises, including over 70 enterprises above the designated size, over 20 national high-tech enterprises, and nearly 70 small and medium-sized enterprises in science and technology.

中江高新技术产业园区

14km²

Zhongjiang High-tech Industrial Park

主导产业: 机械装备、农产品加工

Leading Industries: Machinery & Equipment, Agricultural Products Processing

省级高新技术产业园区, 全国农产品加工业示范基地、长江经济带电子信息产业集聚发展区, 以机械装备、农产品加工为主导产业, 重点发展电子信息、清洁能源装备制造配套产业, 现有宏发电声、湧德电子、年丰粮油等龙头企业。天然气储量丰富, 已探明储量1100余亿方, 年产气量超10亿方。

Provincial high-tech industrial park, a national demonstration base of the agricultural products processing industry, and an electronic information industry clustered development zone in the Yangtze River Economic Belt, the Park, led by machinery & equipment and agricultural products processing, focuses on the supporting industries including electronic information and clean energy equipment manufacturing, and boasts existing leading enterprises such as Hongfa Electroacoustic, Yongde Electronics, and Nianfeng Grain & Oil. The natural gas reserves are abundant, with proven reserves of more than 110 billion m³, and an annual gas production of more than 1 billion m³.

营商环境

Business
Environment

政务环境 Government Affairs Environment

实现政务服务事项“最多跑一次”和“可网办率”两个100%。

成立企业服务中心，开通“96999”企业服务热线。

企业开办全流程“零成本、小时办”。推行“园区受理、网上审批、快递送达”直通车服务，实行“签约即供地、拿地即开工、竣工即投产”。

It has realized two 100% “Maximum One Visit” and “Full Online Availability” for government service matters.

An enterprise service center is founded and the “96999” Enterprise Service Hotline is open.

Enterprise start-ups enjoy “zero costs and operation-in-one-hour” throughout the entire process. In addition, the City offers the express service of “park acceptance, online approval, and express delivery” and executes “land supply upon contract signing, commencement upon land acquisition, and operation upon completion”.

政策环境 Policy Environment

出台支持“3+1”主导产业提质倍增、建设清洁能源装备制造基地等系列政策措施，各区（市、县）、重点产业功能区配套出台相关扶持政策，支持企业落地发展。

Deyang City has introduced a series of policies and measures targeted at supporting the quality improvement and multiplication of “3+1” leading industries, clean energy equipment manufacturing base. In addition, the districts (cities and counties) and key industrial functional zones have also published relevant policies to support enterprise settling down and developing.

扫描查看

成都品质 德阳成本 Chengdu Quality at Deyang Cost

德阳的居住成本、用地成本约为成都三分之一，用工成本较成都低四分之一，与成都协同招商、共建产业链，正在成为成都都市圈外来投资产业转移和新兴创业的首选地。

With the cost of living and land about 1/3 of that of Chengdu, and the cost of labor 1/4 lower than that of Chengdu, Deyang carries out collaborative investment promotion and industrial chain construction along with Chengdu. It is becoming the preferred place for foreign investment industry transfer and emerging entrepreneurship in the Chengdu Metropolitan Circle.

德阳市经济合作局/德阳市产业促进服务中心
